### **Power your devices continuously with reliable, long-lasting power!**

The Varta Longlife 4R25X saline battery is designed to provide constant energy to your devices that require continuous power. With a voltage of 6 volts and a capacity of 7.5 Ah, it is ideal for applications such as work lights, alarm systems, floodlights, light triangles and torches. Its compact and robust design ensures optimum performance even in demanding conditions.

This battery features saline (zinc-carbon) technology, offering a capacity of 7,500 mAh. Its standardized dimensions of 67 x 67 x 115 mm allow compatibility with a wide range of professional and industrial devices. The spring contact facilitates a secure and reliable connection. The Varta 4R25X battery is renowned for its reliability and longevity, ensuring stable power for your essential equipment.
