An accurate barrel ready for your accessories

The **56 cm fluted free-floating barrel** ensures regular groupings and good shooting stability. Thanks to its **M14x1 thread** , you can easily install a muzzle brake to reduce recoil or a sound moderator for greater discretion on the lookout.

A comfortable stock in all conditions

The **OD Green synthetic stock** is designed to withstand the harshest conditions: rain, mud, cold... Its **shock-absorbing butt plate** effectively absorbs recoil, a real asset with powerful calibers like the .30-06. Its ambidextrous profile allows each hunter to find their ideal position.

Details that make the difference on the pitch

Rearm quickly and quietly thanks to the **spiral slide** . Adjust the **adjustable trigger pull** from 1 to 3 kg to your preference for increased accuracy. The trigger pull is adjusted by removing the screws at the front and rear of the magazine well to remove the trigger block, which contains the screw that adjusts the starting weight. Its **removable 5 + 1 round magazine** gives you autonomy and

practicality, and with the **Weaver bases** already installed, you are ready to mount your optic without delay.

A rifle designed for big game

Available in **.243 Win** , **.270 Win** and **.30-06 Springfield** , this rifle covers all hunting situations: from roe deer to deer, including wild boar. Versatile, robust and precise, it will quickly find its place among your weapons of choice.

*Adopt the **Mossberg Patriot OD Green** and discover a modern rifle that combines reliability, precision and shooting comfort.*
