Latest tactical evolution of semi-auto cal 12

- Enlarged cocking lever
- Enlarged breech stop
- Aluminum hand guard
- Interchangeable slide stop Right / Left handed
- Barrel with muzzle vents to limit lift.
- Semi-automatic operation using gas with a capacity of 5+1 shots
- 18.5" anti-corrosion chrome smooth barrel machined from 4140 steel and 7075T6 aluminum frame
- 21mm picatinny rail for mounting red dot and telescopic aircraft aluminum stock with adjustable cheek rest
- Quality CERAKOTE TUNGSTENE GREY finish
- Comes with 3 chokes (F, M, Cyl)

Excellent replica of the famous Italian tactical semi-automatic rifle for a fraction of the price.

The AKSA S4 exudes strength, reliability and quality.

Its rugged design allows it to fire ammunition up to 50 grams without worry and will cycle perfectly with low-load ammunition.

Its reliability and robustness do not prevent AKSA from also having taken care of the finishes, notably with its CERAKOTE coating.

In this EXTREME version, the S4 combines tactical accessories with performance. Its widened levers facilitate ergonomics, the barrel vents influence the stability of the weapon when shooting, and its aluminum handguard provides an ever more racy design.
