PG1956	GNB SPRINGFIELD ARMORY HELLCAT Pro Replica	Vente libre	16	16.5	600	CO2	132.00 € incl. tax

**A perfect replica of the famous Springfield Hellcat compact pistol.**

Its sleek, modern design mirrors the aesthetics of its counterpart, with authentic markings and details. Whether you're using it for target shooting, training, or just for fun, the Springfield Armory Hellcat Pro BB pistol offers a compelling combination of realism, performance, and compactness.

The Springfield Armory was founded in 1794! A few years later, in 2019, the Hellcat was launched with the intention of offering a concealable platform, while still offering great capabilities, performance, and adaptability.

Designed around a durable polymer frame and metal slide for a realistic weight and feel. Its compact size makes it easy to handle for enthusiasts who appreciate compact pistols without compromising performance. Powered by CO2, it delivers consistent, reliable performance with every shot and a pleasant recoil feel.

The ergonomic handle provides a comfortable and secure grip, promoting better control and accuracy. While the fixed front sights and rear sights contribute to increased accuracy, the rifle is also compatible with the most popular red dot sights on the market.

- Powered by CO2
- Blowback
- Semi-automatic
- Shoots BBs (6mm)
- Magazine capacity: 16 BBs
- Integrated Allen key for inserting the CO2 sparklet
