An additional collar to effectively secure your dogs.

The **Num'Axes FUG1034 anti-escape collar** is compatible with **CANIFUGUE wireless** systems. Waterproof and rechargeable, it allows you to **secure one or more dogs** on the same property.

- **Mode:** anti-escape or zone protection
- **Number of collars:** unlimited per terminal
- **Warning:** beep or vibration
- **Stimulation:** 8 adjustable levels
- **Safety:** 3 integrated anti-overstimulation functions
- **Battery life:** up to 14 days
- **Waterproofing:** IP67 - immersion
- **Weight:** 59 g (without strap)
- **Charging:** fast in 1 hour - charger included
- **Strap:** black polyurethane 65 cm (L) x 25 mm (W)

Two operating modes to adapt to the terrain

The **FUG1034** works with **CANIFUGUE wireless** terminals in two modes:

- **Anti-escape:** creation of a virtual perimeter. Audible warning or vibration followed by stimulation if the dog crosses the zone.
- **Area protection:** prevents access to a specific area such as a vegetable garden or a gate.

Simple settings and enhanced security

The intensity of the stimulation is adjustable directly on the collar via the **red ILS** . **There is no limit to the number of collars that** can be connected to each unit. For each dog, you can adjust the stimulation level from among **8 available modes** . Three **safety mechanisms** are integrated to prevent prolonged or excessive stimulation.

Battery life and fast charging

The collar offers up to **14 days of battery life** depending on usage. It recharges in just **1 hour** using the included charger. The integrated **charge indicator** makes it easy to monitor the battery status.

Sturdy and comfortable design

Waterproof (**IP67**), the **FUG1034 collar** is weather-resistant. Its **black polyurethane** strap is adjustable, comfortable, and durable. Its compact size (**59 g**) makes it suitable for all types of sporting or active dogs.

FAQ

Does this necklace work on its own?

No, it only works with a compatible CANIFUGUE terminal in anti-escape or zone protection mode.

How many necklaces can I connect to a single terminal?

The system accepts an **unlimited number of collars** on a single terminal. Perfect for multi-dog households.

Is the collar suitable for all dogs?

Yes, thanks to the 8 adjustable stimulation levels, it adapts to all canine morphologies and sensitivities.
