Protect your hearing with these reusable, high-performance acoustic earplugs!

HGB25C **earplugs** are made of **thermoplastic elastomer (TPE)** for optimal noise protection. The three-ring, corded design ensures excellent reusability and hygiene. Each pair is individually packaged in a box. Sold in dispensers of 50 boxes, they are ideal for intensive use.

- TPE thermoplastic elastomer
- Noise reduction: SNR 32dB
- Reusable and comes with a case
- Set of 50 pairs
- Bright color for quick identification

Singer Safety HGB25C **earplugs** are made of **thermoplastic elastomer (TPE)** to provide reliable noise protection. Available with a **convenient transparent blue storage case** , these earplugs feature a three-ring design and a cord, ensuring excellent reuse and hygiene. They provide a **noise reduction rating (SNR) of 32 dB** , and each pair is individually packaged in a box. The vibrant orange color makes them easy to identify even in dimly lit environments. Sold in a dispenser of 50 boxes, they are ideal for intensive needs.

- TPE thermoplastic elastomer
- Noise reduction: SNR 32dB
- Reusable and comes with a case
- Set of 50 pairs
- Bright color for quick identification

Singer Safety HGB25C50 earplugs are specifically designed for **professionals and amateurs exposed to high noise levels** . Their **effective noise reduction** makes them a preferred choice for sport shooters, construction workers and musicians looking to protect their hearing while maintaining some perception of essential ambient sounds.

Unlike traditional foam earplugs, the **soft TPE** ensures **easy insertion and painless removal** . These earplugs are reusable and **washable** , offering an **environmentally friendly and cost-effective solution** compared to disposable earplugs.

The **50-pair box** packaging allows you to always have hearing protection on hand, whether for **personal use, at work or in a shooting club** .

Material: TPE, SNR: 32dB, Diameter: 8-12mm, 3 rings, With cord, Color: orange.
