Tisas is back in force with its new 2011 double column magazine: the Double Stack.

The Night Stalker full frame model has several features that make it an ideal weapon for TSV:

- A magazine well equipped with a "Magwell" to facilitate reloading
- Optic ready weapon compatible with RMR red dot
- Enlarged slide catch and magazine release button
- Removable trigger with different profiles provided.
- 17-round stainless steel magazine
- Openwork hammer
- Grip grooves on the back of the slide
- Openwork cylinder head
- GLOCK compatible fiber optic sights on dovetail
- Extended safety pedal
- Ambidextrous safety
- Forged steel bull barrel with 1/2x28 thread for adding a sound moderator
- CERAKOTE Grey finish

The Night Stalker is the ultra-successful version of the 2011 from TISAS.

Designed for performance, it ensures significant grip, stability when shooting and great precision.

Its platinum gray Cerakote finish makes it stand out from the crowd with its incomparable design.

It has high sights for use with a sound moderator but also with the red dot.

This latest high-end development further improves the weapon's ergonomics, its stability when firing, and the speed of maneuvers.
