### Latest evolution of the 2011 Midnight bronze version with its bull barrel

The aesthetics of a 1911 with increased capacity thanks to its double-stack magazine

- A magazine well equipped with a "Magwell" to facilitate reloading
- "Optic ready" weapon compatible with RMSC
- 2x 17-round stainless steel magazines
- Openwork hammer
- Picatinny rail for mounting a lamp or laser
- Gripping grooves on the back and front of the slide
- GLOCK compatible fiber optic sights on 1/3 Co-Witness dovetail
- Extended safety pedal
- Ambidextrous safety
- Forged steel bull barrel
- CERAKOTE Midnight Bronze finish

The **Tisas 2011 DS Duty Bronze** is aimed at shooters looking for a model that combines distinctive design, shooting comfort, and expandability. It retains the spirit of the 1911 while offering increased capacity thanks to its double-column magazine.

#### Bull Barrel Canon

The **bull barrel** is a thickened barrel that eliminates the need for bushings. Forged and chrome-plated, it provides superior stability, improved accuracy, and increased durability.

#### Cerakote Midnight Bronze finish

The **Cerakote finish** is a high-resistance coating that protects the weapon against wear and corrosion, while giving it a unique style with its modern bronze tint.

### **Magwell and quick reload**

The **flared magwell** facilitates the insertion of magazines, optimizing the fluidity of handling in dynamic sport shooting.

### **Optic Ready compatibility**

Prepared to receive a red dot to the **RMSc** standard, the slide is designed to offer direct and secure mounting, guaranteeing fast and precise aiming.

### **Ergonomics and handling**

The textured polymer grip and double-stack handle provide a firm, comfortable hold. The ambidextrous safety and extended foot pedal enhance control in all conditions. 2011 (2K11) models use Double Stack magazines: Cartridges are staggered across two columns to increase round capacity.

### **Glock-type sights**

The **fiber optic sights** , mounted on a Glock-compatible dovetail, allow for 1/3 co-witness sighting when combined with a red dot.

- **Picatinny rail:** integrated for accessories
- **sights:** front fiber optic, Glock-type notched rear sight
- **accessories included:** case, 2 17-shot stainless steel magazines
