Latest addition to the 2011 range with the Duty 5"

The **Tisas 2011 Duty Bull Barrel 5" Optic Ready** is the new 2025 addition to the 2011 range. This model combines a bull barrel, improved ergonomics and compatibility with RMSc red dots.

- **caliber:** 9x19 mm
- **total length:** 219.3 mm
- **height:** 146.4 mm
- **width:** 38.2 mm
- **barrel length:** 127.5 mm
- **line of sight:** 168.7 mm
- **weight without charger:** 984 g ±10 g
- **weight with full magazine:** 1285.7 g ±10 g
- **magazine capacity:** 17 rounds
- **trigger:** single action, openwork straight
- **trigger start weight:** 2300 g ±100 g
- **carcass:** forged carbon steel
- **cylinder head:** forged carbon steel
- **grip:** non-slip textured polymer
- **safeties:** manual safety, firing pin safety, rear safety pedal

The **Tisas 2011 Duty Bull Barrel 5"** is designed to offer stability, precision and shooting comfort. Its optic-ready configuration and sophisticated ergonomics will appeal to demanding sport shooting enthusiasts.

Bull Barrel Canon

The **bull barrel** is a thickened barrel that eliminates the need for a muzzle bushing. Forged and chrome-plated, it guarantees rigidity, accuracy, and longevity, while reducing vibration during firing.

Optic Ready compatibility

This model is **optic-ready** and directly accepts RMSc standard red dots. The high fiber optic sights allow for co-witness aiming.

Ergonomics and comfort

The textured polymer grip provides a firm, non-slip grip. The elongated beavertail and openwork trigger maximize shooting control and comfort. 2011 (2K11) models use Double Stack magazines: Cartridges are stacked on two islands to increase shot capacity.

Easy handling

Front and rear grip ridges improve maneuverability. The magazine well with flared **magwell** makes reloads faster and safer.

Safety and reliability

The pistol features an ambidextrous safety lever, a perforated hammer, a rear safety pedal, and a reinforced extractor. These features ensure reliable and safe use at the range.

Accessories included

Supplied in a case, the 2011 Duty includes two 17-round magazines, a can of Flunatec degreaser and a can of Flunatec lubricant.

- **Picatinny rail:** machined under the frame
- **sights:** front optical fiber / notched rear sight
- **ejection window:** large and reinforced
- **accessories supplied:** case, 2 chargers, degreasing can, lubricating can
