A57005	Green adjustable umbrella Ø2.20 meters	Vente libre	2200	65.00 € incl. tax

A sturdy, tilting umbrella designed to withstand all conditions!

This **2.20 m diameter umbrella** offers excellent protection against rain, wind or sun, while being particularly **light and easy to carry** . Its **reinforced aluminum** structure ensures optimal resistance, while the high-density **polyester coating** guarantees excellent longevity.

Thanks to its **tilting and swiveling** upper part, this model adapts perfectly to all fishing situations. It comes in an **individual polyester carrying bag** for easy storage and optimal protection during transport.

Designed according to an **English design** , this umbrella combines tradition and performance. Its **ultra-light aluminum** structure offers rock-solid strength while limiting weight, ideal for traveling fishermen or for quick installation on the banks. The **tilt system** (adjustable inclination) makes it easy to adapt the angle of the canvas according to the wind or the sun, making it a **perfect shelter for all weather conditions** .

This model is a particularly popular solution for **anglers** , but also for **wildlife photographers** or **hikers** looking for **quick and lightweight protection** . The **reinforced polyester** canvas is tear-resistant and dries quickly.
A wise choice to combine comfort, practicality and durability!
