The **OSCAR 3** will revolutionize your observation and spotting monocular experience thanks to its image stabilization system. This new technology allows you to obtain a perfectly clear and fixed image by countering vibrations and involuntary movements.

The **OSCAR** will provide you with a stable image by canceling out your shaking, jolts caused by wind or waves, your heartbeat, or your breathing. Compact and lightweight, the **OSCAR 3** will go everywhere with you and guarantee you a perfect image whatever the outdoor conditions.

- Magnification: 10x to 20x
- Pupil diameter: 1.5 to 3 mm
- Twilight index: 17.3 to 24.5
- Works with 2 CR2 batteries
