The most widely used compact smoke bomb in Europe for airsoft, simulation and signaling!

The WP40-D is a tactical version of our popular WP40 smoke grenade, designed for practicality and cost-effectiveness. Here are three key features that set it apart:

- **60-second duration** for quick and efficient use.
- **Unpackaged:** Eliminates waste and reduces costs without compromising quality.
- **Tactical Design:** Ideal for use on combat sports fields or any other application where a box would slow you down.

The WP40-D Smoke is commonly used for Airsoft, Paintball, MilSim, photoshoots, amateur or professional filming, sporting events, and survival purposes.

Features:

- **Model :** WP40D (Wire Pull)
- **Brand :** Enola Gaye
- **Smoke duration :** ~60 seconds
- **Colors :** Purple / Green / Orange / Yellow
- **Triggering :** By wire pull
- **Dimensions :** 6 cm (Ø) x 14 cm (length)
- **Weight :** 150 g
- **Smoke :** Dense, colored and non-toxic
- **Applications :** Airsoft, simulation, signaling, photography, video

The **WP40** (Wire Pull 40) is designed for fast, reliable and efficient use.

Its small size allows easy transport in any tactical vest or bag, while guaranteeing a **constant and voluminous diffusion of smoke** .

Available in **four high-visibility colors** (Purple, Green, Orange, Yellow), it is ideal for tactical scenarios, area marking, visual signaling or even photo/video shoots.

Safety instructions

CAUTION: Hot gases, sparks, or ash may be emitted during ignition or operation. If you plan to hold the appliance during operation, wear gloves and eye protection. Otherwise, pull the cord to ignite the appliance, then immediately place it on a non-flammable surface, maintaining a safety distance of 2 meters. Follow all instructions and warnings on the product label. For outdoor use only.
