Extensive compatibility with AK/AKM/AKMS rifles for ultimate customization.

Technical Characteristics

- **Standard** : Picatinny (STANAG 4694)
- **Material** : Aluminum
- **Weight** : 273 g
- **Compatibility** : AK, AKM, AKMS, MINI JACK type weapons

Designed for **AK/AKM/AKMS** platforms, the upper handguard incorporates a robust **gas tube** and allows for direct replacement of the original part without modification, as well as a Picatinny rail for the addition of an optic. While it maintains a standard design, it allows for secure and durable mounting on compatible AK models. The lower handguard features a full-length **Picatinny rail** , providing a stable platform for attaching accessories such as tactical grips, bipods or lights.

???? Are these handguards sold together?
No, they are grouped under the same product sheet but sold separately. You can choose one or the other according to your needs.

???? Are they compatible with other AK models?
They are compatible with **AK, AKM, AKMS and MINI JACK** models. For other variants, please check the technical specifications.

???? Are any modifications required for installation?
No, the handguards are designed as a direct replacement for the original parts without modifications.

???? Does the Picatinny rail support heavy accessories?
Yes, the lower handguard is sturdy enough to accommodate heavy optics, bipods, or any other tactical accessories.

???? Does the upper handguard come with the integrated gas tube?
Yes, the upper handguard is equipped with the **gas tube** , ready to be mounted on your weapon.
