LE834	LEE Mold Hammer #90084	Vente libre	25	16.00 € incl. tax

The essential tool for releasing your balls without damaging your molds

The **Lee Precision Mold Hammer is** designed to make it easy to open casting plates and remove balls without damaging your aluminum molds . Made from ash wood **, the same** wood used for baseball bats , it offers high strength **while preserving** the surface of your tools .

The Lee Precision Hammer is an **essential accessory** for reloaders looking to extend the life of their molds . Its hardwood design minimizes the risk of deforming or marring molds when opening cavities or removing bullets .

With a **length of 25 cm** , this ergonomic hammer ensures a comfortable grip, reducing fatigue during long casting sessions. Its balanced weight allows for precise and controlled strikes, essential for quality work.

Easy to use, simply tap lightly on the casting plate or mold handle to release the molded balls. Its simple and effective design makes it a reliable and durable tool for all your ball molding needs.
