Fast and even cleaning of up to 500 sockets per cycle.

High-performance **dry tumbler** for **cleaning handgun or rifle cases** . 230V version with enlarged tank and helical agitators for maximum efficiency.

- **Capacity:** 500 9mm cases / 200 .223 cases
- **Voltage:** 230 V - European standard
- **Tank:** plastic with spiral agitators
- **Lid:** airtight transparent polycarbonate
- **Stability:** wide base + rubber feet
- **Control:** inline switch

The **Lyman Turbo Pro 1500** is the ideal solution for efficiently cleaning large quantities of cases. This dry electric tumbler combines increased capacity, dynamic mechanical action, and a robust design for effortless, consistent results.

Enlarged bowl and helical action

Thanks to its hopper, which is 25% larger than the 1200 model, this tumbler processes up to **500 9mm cases** or **200 .223 cases** in a single cycle. The integrated **spiral agitators** generate intensive mixing, ideal for removing powder residue and traces of oxidation.

Dustproof design and stable base

The **airtight, transparent polycarbonate lid** prevents media dust from escaping while allowing you to monitor the cycle's progress. The **widened base** with **non-slip feet** ensures perfect stability, even during long sessions.

Simple and durable use

With its easily accessible **in-line switch** and **230V** power supply, the Turbo 1500 integrates easily into any European workshop. Its robust design allows for regular use without loss of efficiency.

FAQ

- **How many sockets can be cleaned at once?**
  Up to **500 9mm cases** or **200 .223 cases** per cycle.
- **Does the tumbler work on a French plug?**
  Yes, this model is **230V** , perfectly suited to European sockets.
- **What type of media should be used?**
  Corn cobs or walnut shells are recommended for effective dry cleaning.
