- **Ambidexterity** : convertible left-handed eject button.
- **Accessories** : integrated Picatinny rail for lamp; 1 additional backstrap grip supplied.
- **Colour** : black / silver.

The VFC Exa Agency Arms is an RWA GBB replica that focuses on manufacturing quality and visual realism, while remaining practical and modular in-game.

Construction and finishing

The metal slide combined with the **stippled polymer** body provides an ideal balance between feel and lightness. Licensed RWA **Agency Arms** and **Lone Wolf** markings enhance visual authenticity for collectors and players seeking realism.

Performance and ergonomics

Operating with **gas blowback** , this replica delivers realistic shooting performance with an **adjustable hop-up** to fine-tune the trajectory depending on the type of BBs. The stippled grip

improves handling, and the left-handed convertible ejection button makes it easy for all players to use. The integrated Picatinny rail allows for the addition of a light or laser as needed for tactical purposes.

Delivery and included items

The box contains the replica, one VFC S17-type magazine (23 BBs), one additional backstrap grip, and the instruction manuals. You will need to provide your own gas and BBs for use.

FAQ - Questions/Answers

Is the replica delivered ready to use?

The replica is supplied with 1 magazine of 23 BBs and 1 additional backstrap; gas and BBs will be required for operation.

What markings and licenses are present?

This model is an RWA product under license **from AGENCY ARMS** and **Lone Wolf** and incorporates official markings on the slide and body.

Is the eject button usable for left-handed people?

Yes, the eject button is convertible for left-handed users to improve ergonomics according to the user's profile.

What type of charger is supplied and what is its capacity?

A VFC S17 type magazine with a capacity of 23 BBs is included in the box.
