Complete Lee Precision kit for reliable and accurate reloading.

The **Lee Challenger Breech Lock press** is the ideal solution for any reloader who wants to produce reliable and consistent ammunition. Supplied with a **Carbide 3 Die Set** perfectly adapted to the chosen caliber (**.45 ACP** , **9mm Luger** , **.44 Special/Magnum** , **.38 Special/.357 Magnum, .223 Remington...**), it offers robustness, comfort and speed. Its unique Breech Lock system allows immediate tool changes without loss of adjustment. Carbide tools allow recalibration without lubrication, for cleaner and more efficient work. Cast aluminum structure, ergonomic lever arm, easy adjustments: everything is designed for simple, reliable and durable reloading.

With the **Lee Challenger Breech Lock** , reload your **pistol** or **revolver** ammunition with ease thanks to a reliable press and a set of Carbide tools adapted to the caliber.

Complete kit ready to use

Each pack includes:

- A **Challenger Breech Lock** single-station press
- A caliber-specific **Carbide 3 Die Set** : .45 ACP, 9mm Luger, .44 Special/Magnum or .38 Special/.357 Magnum, .223 Remington

Quick change with the Breech Lock

The **Breech Lock** system allows tools to be replaced instantly without disturbing adjustments, which speeds up and simplifies all stages of reloading.

Precision and robustness signed Lee Precision

The press, made of **cast aluminum** , is designed to last and withstand the stresses of regular use. The ergonomic lever arm provides a comfortable and effortless grip.

Carbide tool set for clean reloading

Carbide tools allow recalibration of sockets without using lubricant:

- Carbide Recalibrator/Depointer
- Expander/stripper
- Seater/Setter

Save time and improve cleanliness for consistent results.
