Genuine part to maintain the synchronization of your progressive press.

The **Driver Clutch Pro 4000 Auto Breech Lock Pro** is the essential replacement part to keep your **Lee Pro 4000** or **Auto Breech Lock Pro** press in perfect working order. Designed by **Lee Precision** , this driver clutch ensures smooth and precise movement of the tool plate, guaranteeing a regular reloading cycle. Easy to install, this genuine part allows you to restore the reliability of your progressive press without replacing the entire system. Ideal for extending the life of your equipment and maintaining optimal production rates.

The **Driven Clutch** for **Lee Pro 4000 Auto Breech Lock Pro** is a replacement part designed to restore timing and smoothness to your progressive press.

Full compatibility with your Lee press

Official **Lee Precision** part, perfectly suited to the **Pro 4000** and **Auto Breech Lock Pro** models.

Maintaining the recharge cycle

The **Driven Clutch** works in conjunction with the Driver Clutch to ensure smooth rotation and driving of the tool plate.

Quick and easy installation

Easy to assemble, without complex tools, it allows immediate return to service of your press.
