Precise and fast reloading without lubrication.

The **Lee Carbide Breech Lock 3 Die Set** is the ideal solution for all reloaders looking to produce reliable, clean, and consistent ammunition. Designed for **.45 Colt** , **.45 ACP** , **.44 Special/.44 Magnum,** and **.38 Special/.357 Magnum** calibers, each set includes three rugged Carbide tools: resize/de-pointer, expander, and seater/crimper. The **Carbide** insert allows for lube-free resize for faster, cleaner reloading. **Breech Lock** compatible, these tools fit Lee single-station presses and provide instant die changes without loss of setting.

The **Lee Carbide Breech Lock 3 Die Set** is designed to simplify every step of **reloading** your pistol or revolver ammunition.

3 essential tools included

Each set includes:

- **Carbide Recalibrator/Depointer** : Recalibration without lubrication, for greater cleanliness and speed.
- **Expander** : opens the case to accommodate the bullet without deforming the neck.
- **Seater/crimper** : positions and crimps the bullet in a single pass.

Fast Breech Lock System

Thanks to the **Breech Lock** system, tool changes are instantaneous and without loss of adjustment, optimizing each production cycle.

Compatibility and robustness

These tools fit perfectly on **Lee single-station presses** and other standard 7/8"x14 threaded presses. Their steel construction with Carbide inserts guarantees long life.
