LE850	Lee Large Caliber Rifle Micrometer Adjust Screw #92218	Vente libre	29.00 € incl. tax

Adjust your powder dosages with maximum precision.

The **Lee Large Caliber Rifle Micrometer Adjust Screw** is designed to improve the fine adjustment of your Lee powder dispenser for **long and powerful** calibers. Easy to install, this adjustment screw replaces the original screw and allows for precise and repeatable micrometric adjustment of the powder charge. Ideal for reloaders who want perfect consistency on their **large caliber rifle** ammunition, it optimizes the consistency and reliability of each shot. Compatible with Lee Auto Drum and Auto Disk dispensers suitable for reloading high-charge ammunition.

The **Large Caliber Rifle Micrometer Adjust Screw** is a precision accessory designed to fine-tune your **metering adjustments** on a Lee metering device.

Precise micrometric adjustment

It allows fine and reproducible adjustment of the powder charge for **large caliber rifle ammunition** requiring constant dosage.

Easy installation

The screw mounts directly in place of the standard screw on your **Auto Drum** or **Auto Disk** , without any special tools.

Reliability and regularity

Precise adjustment ensures greater consistency of pressure and speed, improving the accuracy of your shots.

Full technical specifications

- Type: Micrometric adjustment screw
- Use: For Lee Auto Drum / Auto Disk dosing machines
- Application: Large caliber rifle ammunition
- Fine and reproducible adjustment
- Simple installation, without complex tools
