| LE809 | Small #91867 | Vente libre | 11.00 € incl. tax |

## Small or Large version to fit all your calibers.

The **Lee New Primer Arm** is the official replacement part designed to restore your **Lee single-station** press to perfect operation. Available in two versions- **Small** for Small primers and **Large** for Large primers-this arm ensures precise and smooth priming directly on the press. Compatible with most modern Lee presses (Breech Lock, Challenger, Classic Cast, etc.), it replaces a worn or damaged arm, extending the life of your equipment. Installation is simple and does not require complex tooling.

The **New Primer Arm** Lee is an essential replacement part to ensure **accurate priming** directly on your single-station press.

### Two versions adapted to your needs

- **Small Primer Arm** : for small primers (small caliber pistol and rifle).
- **Large Primer Arm** : for Large primers (large caliber ammunition).

### Easy mounting on your Lee press

Compatible with most Lee presses with integrated priming system: Challenger, Breech Lock, Classic Cast and other similar models.

### Fast and durable replacement

Allows proper priming operation to be restored without replacing the entire press.
