Precise concentric crimping for consistent and reliable ammunition.

The **Lee Factory Crimp Die** ensures **consistent, even crimping** on ammunition, even without a groove, thanks to its patented concentric system. Compatible with multiple calibers, it guarantees precision and optimal bullet retention.

- **Type:** Crimping Tool (Factory Crimp Die)
- **Utility:** Precise concentric crimping
- **Thread:** Standard 7/8"x14
- **Press compatibility:** Single-station and turret
- **Calibers available:** .270 WSM, 7mm PRC, .300 PRC, 8x56R, 8mm Lebel

The **Lee Custom Overrun Quick Trim Die** is a **trimming tool** designed to ensure the exact length of your cases using the Quick Trim system.

Perfect trim, caliber after caliber

Compatible with specific calibers:

- **. 444 Marlin**
- **.44-40**
- **.32-20 Winchester**
- **6.5 Carcano**

Quick and easy to use

The tool attaches to the press like a conventional die and perfectly guides the Quick Trim cutter for a uniform trim and a clean neck.

Optimize your cases for maximum accuracy

By maintaining a constant length, the Quick Trim Die improves chambering reliability and consistent pressure when firing.

Full technical specifications
