Double cavity: two warheads in each casting for maximum productivity.

The Lee Mold DC C266-140-RF mold.266Double Cavitytwo projectiles with each castingergonomic wooden handles

The Lee Mold DC C266-140-RF is specifically designed to cast **.266 caliber bullets** with high consistency. Productivity and consistent finishing

The **Double Cavity** system allows two identical projectiles to be produced per casting, ensuring a faster production rate.

Lightweight, precise and easy to heat

Its **machined aluminum** body heats up quickly and promotes complete and clean filling of the mold.

Comfortable grip

The wooden handles provided provide an excellent grip for handling the mold safely and without excessive fatigue.
