Locate and train your dog with an ultra-compact and powerful GPS collar.

The CANICOM GPS MINI with **Num'Axes stimulation** is a **compact** and **lightweight** GPS collar designed for the remote location and training of small dogs.

- **2-in-1 function:** location + education
- **Location range:** up to 15 km
- **Educational range:** up to 3 km
- **GPS technology:** GPS, GALILEO, BDS, GLONASS
- **Miniaturization:** -30% compared to GPS 2
- **Weight:** 164 g
- **Waterproofing:** IP67 immersion
- **Education:** beep, vibration, stimulation
- **Battery life:** up to 25 hours
- **Rechargeable:** 2000 mAh Li-ion battery
- **Compatibility:** GPS MINI and GPS 2 (update required)

A precise and lightweight GPS collar

The **CANICOM GPS MINI with stimulation** incorporates the latest **GPS, GALILEO, BDS, and GLONASS** geolocation technologies. With a **refresh rate every 3 seconds** , you can accurately track your dog up to **15 km** , directly via your remote control or the dedicated mobile app.

Long-range educational function

In addition to location tracking, this collar allows for **remote recall** via **beep, vibration, or stimulation** up to 3 km. An **electronic compass** and a display of the **dog's status** (sitting, moving, standing still, etc.) further enhance control in the field.

Miniaturized and robust design

Specifically designed for small dogs, this model is **30% smaller** than the GPS 2 collar, weighing only **164g** . It maintains a **25-hour battery life** and **IP67 waterproofing** , making it suitable for all outdoor conditions.

Enhanced security with visible LEDs

Larger **, high-visibility LEDs** have been integrated into the casing for better identification of the dog in low light or dense vegetation.

Extended compatibility

This collar is compatible with **CANICOM GPS MINI** and **CANICOM GPS 2** systems, provided the **remote control is up to date** (software version 3.1l or higher). A **magnetic charger** is included for fast and secure charging.

Smart tracking via mobile app

With the **CANICOM GPS** app (iOS/Android), you can:

- Show the dog's location on **a map or satellite view**
- Create **virtual fences** with alerts in case of intrusion
- **Share your location** with other users
- **Calculate the route** to find him quickly
- Benefit from **automatic Bluetooth reconnection**

Package contents

- **1 CANICOM GPS MINI collar** with stimulation
- **1 magnetic charger** (USB + mains)
- **2 pairs of electrodes** (short and long)
- **1 user guide**

FAQ

Is this collar compatible with my old CANICOM GPS 2?

Yes, provided that your remote control is updated with at least software version 3.1l.

What is the battery life of the collar?

Up to 25 hours depending on the settings. The collar is rechargeable via the included magnetic charger.

Can the education function be used via the application?

Yes, the CANICOM GPS app allows you to send beeps, vibrations or stimulation directly from your smartphone.
