Power your devices with powerful and reliable Li-Ion batteries.

The **NUM'AXES 3.7V 1200mAh Li-Ion rechargeable batteries**, available in blister packs of 4 units, are ideal for sustainably powering your electronic equipment, tracking collars or training remote controls. Designed to offer constant power and long battery life, they are easy to recharge for repeated and economical use. Thanks to their lithium-ion technology, they guarantee low self-discharge and a long service life, while ensuring a stable power supply even in extreme temperatures. Supplied in packs of 4, they are perfectly suited to nomadic and intensive use for all your hunting, training or outdoor accessories from NUM'AXES.

Li-Ion Batteries: Reliable Power for All Your Devices

The **3.7V 1200mAh Li-Ion rechargeable batteries** provide stable power for your electronic devices, GPS collars, remote controls, or other compatible equipment. They are ideal for replacing your traditional batteries with a more economical and environmentally friendly solution.

Technical characteristics of Li-Ion rechargeable batteries

Detailed specifications:

- Type: Rechargeable lithium-ion batteries
- Voltage: 3.7 volts
- Capacity: 1200 mAh
- Packaging: blister pack of 4 batteries
- Low self-discharge for long-term storage
- Rechargeable for several hundred cycles
- Compatible with NUM'AXES equipment: GPS collars, remote controls, lamps, outdoor accessories
- Compact size, easy to carry

A practical and sustainable solution

These Li-ion batteries allow you to extend the battery life of your equipment while reducing waste associated with disposable batteries. Practical, they recharge easily for intensive use with complete confidence.
