Long-range power and immediate expansion on heavy game.

The Norma Plastic Point in .300 Win. Mag. 180 gr is an ideal ammunition for long-range shooting at heavy game. Its polymer-tipped bullet guarantees rapid expansion upon impact while ensuring smooth feeding, even in semi-automatic. Designed for demanding hunts, it combines **terminal power** and **reliability**.

- **Bullet Type:** Plastic Point (expanding polymer tip)
- **Bullet weight:** 180 grains / 11.7 g
- **Structure:** Plastic tip, thin sleeve, rapid expansion
- **Initial velocity:** 920 m/s
- **Energy at the mouth:** 4954 joules
- **Box of:** 20 cartridges

Precision ammunition for demanding hunts

Designed for medium and long range heavy game, the Plastic Point in .300 Win. Mag. guarantees **rapid expansion and high residual energy**. Thanks to its modern design, it works perfectly in both bolt-action and semi-automatic weapons, even in intense conditions.

Speed

- V0 920 m/s
- V100 834 m/s
- V200 753 m/s
- V300 677 m/s

Energy

- E0 4954 J
- E100 4069 J
- E200 3317 J
- E300 2678 J

Ideal for long-range big game

With more than 4900 J at the muzzle, this ammunition is designed to stop large animals dead even at 300 m. Its regular trajectory and controlled expansion make it a **safe bet for deer, wild boar or mountain game** .

- Precise ammunition, suitable for technical hunting
- Works perfectly in semi-automatics
- Constant lethal effect up to 300 meters
