High mass retention for powerful, deep shots.

Designed for long-range shooting at heavy game, the Norma Oryx in .300 Win. Mag. 200 gr combines ballistic power with perfectly controlled expansion. Its bonded bullet retains a high residual weight, even after penetrating bone or thick tissue, thus ensuring **maximum penetration** without fragmentation.

- **Bullet type:** Oryx (bonded, controlled expansion)
- **Bullet weight:** 200 grains / 13 g
- **Structure:** Welded ogive, flat base, massive mushroom
- **Initial velocity:** 850 m/s
- **Energy at the mouth:** 4698 joules
- **Box of:** 20 cartridges

Designed for technical and committed hunts

The Norma Oryx .300 Win. Mag. 200 gr is a cartridge designed for long-range shooting of heavy game. Its bonded bullet ensures controlled expansion without bursting, guaranteeing **consistent and lethal penetration** even in difficult conditions. Ideal for red deer, massive wild boar or demanding mountain hunting.

Speed

- V0 850 m/s
- V100 762 m/s
- V200 679 m/s
- V300 601 m/s

Energy

- E0 4698 J
- E100 3772 J
- E200 2995 J
- E300 2349 J

A reliable choice for big game and distance

Thanks to its balance between speed, flight stability and terminal energy, this cartridge is perfectly suited to demanding shots on powerful game at long distances. It offers **exemplary reliability in difficult hunting conditions** .

- Premium ammunition for heavy game hunting
- Ideal for long distances and open biotopes
- Smooth expansion, no mass loss
