Innovative design for exceptional results

The **Power Max Bonded™** combines three exclusive **Winchester** technologies: a lead core fused to the jacket, a **protected hollow point** , and a **progressive jacket thickness** . This trio guarantees break-free expansion, maximum mass retention, and lightning stopping power, even on the toughest game.

Key Benefits for the Hunter

- **Protected hollow point** : increased precision and constant expansion
- **Core fused to the jacket** : prevents fragmentation and ensures deep penetration
- **Progressive liner thickness** : controlled expansion regardless of distance and speed
