**Cutting-edge technology for consistent results**

The Winchester **Power Max Bonded™** features three innovations: a **core fused to the jacket** to prevent separation, a **protected hollow point** that keeps the bullet intact, and a **progressive jacket thickness** for optimal expansion. This design ensures **formidable stopping power** and **deep penetration** without excessive fragmentation.

**Benefits for hunters**

- **Protected hollow point** : consistent accuracy and reliable expansion
- **Fused core** : maximum mass retention and increased penetration
- **Controlled expansion** : effective on all types of game

- **Optimal power** : massive energy transfer for decisive shots
