A lead-free bullet for responsible and powerful hunting

The **Extreme Point Copper Impact** incorporates the performance of the classic Extreme Point, with one major advantage: a **100% copper** bullet. It retains its mass almost entirely, guaranteeing **very deep penetration** and a high probability of exit, which makes **tracking game** easier.

Remarkable technical assets

- **Oversized polymer tip** : accelerated expansion and maximum energy transfer
- **Monolithic design** : near 100% mass retention, no fragmentation
- **Straight trajectory** : excellent ballistic coefficient for long-distance shooting
- **Compliance with regulations** : ideal in areas where lead is prohibited
