A rugged design for big game

The RWS Evolution® in 9.3x62 caliber is designed to deliver **increased depth effects** . Its exclusive **Power Bonding** process perfectly bonds the lead core with its tombak jacket, allowing it to retain **nearly 100% of its residual weight** . This behavior ensures **reliable release** and excellent preservation of the venison.

Ballistic behavior

Thanks to its **optimized aerodynamics** and its **ballistic cap** , this ammunition guarantees a **taut trajectory** and formidable precision, even during long-range shots. Ideal for **battue shooting** , it combines power and ballistic efficiency, with a marked recoil but adapted to its performance.

Ballistic data

Performance measured with a 600 mm gun:

- **0 m**: 690 m/s - 4475 J
