Replica of the famous COLT M4 Commando

Faithful reproduction of the **Colt 733** (M4 Commando), ready for training and the shooting range.

- **Canon:** Faxon Firearms
- **Bolt assembly:** Bavarian Tactical
- **Stock and Handguard:** B5 System
- **Cases:** 7075-T6 aluminum (MILSPEC standard)
- **carry handle:** one-piece case
- **Delivery:** 10-round metal magazine (30-round format)

The **BAVARIAN BTS-15** is a compact rifle that prioritizes ease of use and mechanical reliability. Designed for dynamic training sessions and instinctive handling, it recreates the classic feel of a commando platform while adopting contemporary parts for repeatability and maintenance.

Accuracy and shooting behavior

Equipped with a **Faxon Firearms** barrel and a bolt group of the same origin, the platform aims to offer consistent behavior and shooting repeatability adapted to the range. The choice of a short barrel favors maneuverability while maintaining satisfactory accuracy at medium range.

Ergonomics and handling

The one-piece carry handle and **A2-** style grip elements (handle and stock) provide a familiar feel. The pronounced comb and A2 stock ensure quick hand positioning and stability during rounds, facilitating transitions between targets.

Reliability and components

The combination of a **MILSPEC** -standard **7075-T6** upper and lower and a **Faxon** cylinder head assembly aims to guarantee rigidity, longevity and smooth operation, even after intensive sessions.

Maintenance and longevity

The design is based on proven solutions: durable materials and simple architecture promote rapid maintenance in the workshop. High-strength parts facilitate replacement and periodic maintenance for gun shops and clubs.

7075-T6

7075-T6 is a heat-treated aircraft aluminum offering an excellent strength-to-weight ratio. Specifically, it provides structural rigidity and durability to receivers without adding weight to the rifle.

Faxon Firearms

Faxon is a renowned manufacturer of barrels and breech groups; their parts are machined to tight tolerances to improve ballistic consistency and durability, resulting in better range consistency.

One-piece carry handle

The one-piece **carry handle** is a carrying handle attached to the upper housing; beyond aesthetics, it provides a rigid platform for attaching traditional sights and facilitates handling of the weapon.

A2

The **A2** designation refers to styling elements (stock, grip, flash suppressor) inherited from classic AR families. Their proven ergonomics ensure a stable grip and compatibility with many standard accessories.

- **breech group:** Faxon Firearms
- **stock:** A2 (A2 pistol grip)
- **flash hider:** A2 birdcage
- **barrel:** Faxon Firearms (11.5" commando profile)
- **standard:** MILSPEC
