The ultra-compact silencer for AR9s and PCCs

The **GOMANDER TACTINOX 9S PCC DT** is an ultra-compact direct-mount **sound moderator** designed for **AR9** and **PCC** platforms, combining small size, robustness and acoustic efficiency.

- **Compatible caliber:** 9 mm
- **Noise reduction:** 20 to 25 dB depending on ammunition
- **Mounting system:** Direct mounting (DT)
- **Thread:** 1/2x28
- **Design:** Monolithic single-core
- **Material:** AISI 314 stainless steel

Ultra-compact format for PCC platforms

The **TACTINOX 9S PCC DT** was designed for users seeking a **short and balanced suppressor** . Its compact size limits the weapon's length, an immediate advantage on **PCC** and **AR9** platforms, particularly in dynamic environments or at confined shooting positions.

Simple and efficient direct assembly

Thanks to its **1/2x28** thread, this **sound moderator** mounts directly onto the barrel, without any additional interface. This solution guarantees quick installation, perfect coaxiality, and excellent stability during firing.

Monolithic stainless steel design

Machined from **AISI 314 stainless steel** , the **TACTINOX 9S** is designed to withstand high rates of fire. Its **monolithic, single-core** structure ensures a perfect gas seal, eliminating any risk of cracking or splitting over time.

Controlled sound attenuation

Depending on the ammunition used, this model offers a **noise reduction of between 20 and 25 dB** . This level of attenuation is consistent with its compact size, ideal for preserving hearing comfort without adding weight to the weapon.

Reliability and maintenance of the group

The **TACTINOX** was designed to maintain consistent shooting. Its rigidity and precise alignment contribute to **maintaining accurate groupings on target** , while preserving the internal mechanics of the firearm.

Finish and accessories included

Featuring a **black CERAKOTE** coating, the **TACTINOX 9S PCC DT** offers durable protection against wear and corrosion. It comes in a **cardboard box** with a **nylon cover** for transport and storage.

FAQ

Is this silencer compatible with all PCC platforms?

The **TACTINOX 9S PCC DT** is compatible with PCC and AR9 platforms with a **1/2x28** threaded barrel, in 9mm caliber.

What is the difference with a QD LOCK model?

The **DT** version mounts directly onto the barrel, without an intermediate muzzle brake, offering a more compact format than the **QD LOCK** models.

What maintenance is required for the TACTINOX 9S?

Regular cleaning is all that's needed. The monolithic stainless steel design of the **TACTINOX** makes maintenance easy and ensures excellent durability.
