## A QD mount AK or AR10 sound moderator reducing gas blowback and pressure

- **Maximum caliber:** .30
- **Noise reduction:** 26 to 32 dB depending on ammunition
- **Design:** Monolithic single-core
- **Mounting system:** Proprietary QD LOCK
- **Thread:** M26x1.5
- **Material:** AISI 304/314 stainless steel

### QD LOCK system: simplicity and security

The **TACTINOX 7.62 L QD LOCK** uses a proven quick-mounting system. It screws onto a **GOMANDER muzzle brake** (not included) and then locks via an accessible and intuitive lever, easily operated with gloves or in wet conditions.

### Advanced gas management and shooting comfort

Equipped with outlet vents, the **sound moderator** redirects gases forward to limit internal pressure. This design effectively reduces **gas blowback to the shooter's face** , providing immediate comfort during extended shooting sessions.

### Reduced recoil and mechanical preservation

Controlling internal pressure also **significantly reduces recoil** . The weapon remains more stable, the mechanics are under less stress, and the overall longevity of the platform is enhanced, whether it's an AR-10 or an AK-type platform.

### Consistent acoustic performance

Depending on the ammunition used, the **TACTINOX 7.62 L** provides a sound reduction of between **26 and 32 dB** . These performance levels are maintained without compromising reliability or group consistency.

**Monolithic stainless steel construction**

Machined entirely from **AISI 304 and 314 stainless steel** , the **TACTINOX** is designed to withstand high rates of fire. Its **monolithic, single-core** design guarantees perfect gas tightness and eliminates the risk of cracking or splitting.

**Multi-weapon compatibility and modularity**

Thanks to its unique **M26x1.5** thread, this moderator is compatible with all **GOMANDER muzzle brakes** . It can therefore be used on several firearms **up to .30** caliber, simply by changing the muzzle brake.

**CERAKOTE finish and accessories included**

Available in **Black** or **FDE** , the **TACTINOX 7.62 L QD LOCK** features a **CERAKOTE** coating for protection and durability. It comes in a **cardboard box** with a **nylon cover** for transport and storage.

**FAQ**

**Is this moderator compatible with all .30 caliber weapons?**

The **TACTINOX 7.62 L QD LOCK** is compatible with weapons in .30 caliber maximum equipped with a **GOMANDER muzzle brake** with M26x1.5 thread.

**Is the muzzle brake included with the silencer?**

No, the **GOMANDER muzzle brake** required for QD LOCK mounting is not supplied and must be ordered separately.

**What maintenance is required for the TACTINOX 7.62 L?**

Regular maintenance is all that's needed. The monolithic stainless steel design of the **TACTINOX** makes cleaning easy and ensures excellent durability.
