A QD mount AK or AR10 sound moderator reducing gas blowback and pressure

The **GOMANDER TACTINOX 7.62 L QD LOCK** is a quick-mount **sound moderator** for **AK** and **AR10** platforms, designed to effectively reduce noise, recoil, and gas blowback.

- **Maximum caliber:** .30
- **Noise reduction:** 26 to 32 dB depending on ammunition
- **Design:** Monolithic single-core
- **Mounting system:** Proprietary QD LOCK
- **Thread:** M26x1.5
- **Material:** AISI 304/314 stainless steel
- **Finish:** CERAKOTE Black or FDE

QD LOCK system: simplicity and security

The **TACTINOX 7.62 L QD LOCK** uses a proven quick-mounting system. It screws onto a **GOMANDER muzzle brake** (not included) and then locks via an accessible and intuitive lever, easily operated with gloves or in wet conditions.

Advanced gas management and shooting comfort

Equipped with outlet vents, the **sound moderator** redirects gases forward to limit internal pressure. This design effectively reduces **gas blowback to the shooter's face**, providing immediate comfort during extended shooting sessions.

Reduced recoil and mechanical preservation

Controlling internal pressure also **significantly reduces recoil**. The weapon remains more stable, the mechanics are under less stress, and the overall longevity of the platform is enhanced, whether

it's an AR-10 or an AK-type platform.

Consistent acoustic performance

Depending on the ammunition used, the **TACTINOX 7.62 L** provides a sound reduction of between **26 and 32 dB** . These performance levels are maintained without compromising reliability or group consistency.

Monolithic stainless steel construction

Machined entirely from **AISI 304 and 314 stainless steel** , the **TACTINOX** is designed to withstand high rates of fire. Its **monolithic, single-core** design guarantees perfect gas tightness and eliminates the risk of cracking or splitting.

Multi-weapon compatibility and modularity

Thanks to its unique **M26x1.5** thread, this moderator is compatible with all **GOMANDER muzzle brakes** . It can therefore be used on several firearms **up to .30** caliber, simply by changing the muzzle brake.

CERAKOTE finish and accessories included

Available in **Black** or **FDE** , the **TACTINOX 7.62 L QD LOCK** features a **CERAKOTE** coating for protection and durability. It comes in a **cardboard box** with a **nylon cover** for transport and storage.

FAQ

Is this moderator compatible with all .30 caliber weapons?

The **TACTINOX 7.62 L QD LOCK** is compatible with weapons in .30 caliber maximum equipped with a **GOMANDER muzzle brake** with M26x1.5 thread.

Is the muzzle brake included with the silencer?

No, the **GOMANDER muzzle brake** required for QD LOCK mounting is not supplied and must be ordered separately.

What maintenance is required for the TACTINOX 7.62 L?

Regular maintenance is all that's needed. The monolithic stainless steel design of the **TACTINOX** makes cleaning easy and ensures excellent durability.
