SKU	Designation	French Law	Caliber	Shots	MSRP
ZEC203	30-ROUND MAGAZINE 5.45X 39 POLYMER	A	5.45 x 39	30	50.00 € incl. tax

Reliable, lightweight polymer magazine designed for use on 5.45x39mm AK platforms.

Robust polymer magazine, suitable for sport shooting and training.

- **Material:** Polymer
- **Compatibility:** AK platforms chambered in 5.45x39mm

This **polymer** WBP **magazine** combines ease of use and durability: it mounts easily on AK platforms chambered in **5.45x39mm** and is aimed at shooters looking for a high-performance, lightweight and easy-to-maintain wear part.

Ergonomics and handling

The textured surface and curved profile make it easy to grip and reload quickly. The design incorporates the proven ergonomics of AK magazines, providing a secure fit and smooth ejection when fired.

Compatibility and usage

Designed for **5.45x39mm** AK platforms, this magazine is suitable for sport shooting sessions and range training. Its 30-round capacity meets shooters' expectations for extended series without multiple handling.

Maintenance and longevity

Polymer requires minimal maintenance: regular visual inspection and dusting are sufficient. Its resistance to impact and corrosion makes it a durable alternative to metal chargers, particularly suitable for humid or dusty environments.

Technical terms explained

Polymer

Polymer refers to injected synthetic materials that offer lightness and impact resistance. For magazines, this reduces the weight carried by the weapon and limits corrosion compared to traditional steels, while maintaining good durability.

5.45x39mm

The **5.45x39mm** caliber is an intermediate cartridge intended for modernized AK platforms; its ballistics favor a reduced bulk and moderate recoil, appreciated for rapid precision shooting and training.

Capacity 30 shots

The **30-round capacity** is a standard on AK platforms: it offers a good compromise between firing range and size, allowing longer sessions without frequent reloading.

- **manufacturing method:** injection molded
- **color:** black
- **surface:** textured anti-slip
- **environmental resistance:** resistance to corrosion and weathering
