Beeman BP50 pistol, .50 caliber - 15 joules

The **Beeman BP50** is a **.50 caliber CO2 pistol** designed for non-lethal self-defense and target practice. Its energy of up to 15 joules, combined with rubber projectiles, delivers a deterrent impact without penetrating. Its realistic design and high-quality construction make it a popular choice among discerning users.

Semi-automatic mechanism and instant percussion

Thanks to its **removable 8-round magazine** integrated into the stock and its **semi-automatic operation** , the BP50 guarantees excellent responsiveness. The **quick-piercing CO? cartridge** system allows for immediate activation when needed, reinforcing the model's defensive capabilities.

Accessories included for immediate use

This pack includes **5 BO Manufacture 12g CO² cartridges** , ideal for powering multiple magazines with a single cartridge, as well as a tube of **10 high-impact .50 rubber balls** , compatible with all T4E type weapons.

Easy transport and maintenance

The entire kit comes in a **rigid ABS case** with internal foam padding (35 x 25 x 7 cm) for secure transport. A 120 ml **3-in-1 oil bottle** is also included, essential for regular firearm maintenance: corrosion protection, lubrication, rust protection, and projectile lubrication.

- **Energy:** Up to 15 joules
- **Caliber:** .50 - solid rubber balls 1.05 g
- **CO² autonomy:** Several chargers per cartridge

- **Handle:** Rapid percussion with viewing window
