Precise diamond sharpening with deluxe African wood base.

The **Elite A4 Warthog** is a premium diamond sharpener/sharpener, featuring the patented V-Sharp system and comes with an exotic wood base for stable and efficient sharpening.

- **Adjustable angles:** 15° - 20° - 25° - 30°
- **Diamond stones supplied:** 325 grains + finish
- **Construction:** Metal frame with epoxy finish
- **Base:** Deluxe exotic wood
- **Compatibility:** 270, 600, 1000 grit stones and ceramics

Precise sharpening thanks to the patented V-Sharp system

The **Elite A4** uses the exclusive V-Sharp system, which allows the sharpening angle to be adjusted to **15°, 20°, 25° or 30°**. This versatility ensures a perfect fit for Japanese kitchen knives, heavy-duty utility blades, or even hunting and fishing knives.

325 grit diamond stones and integrated finish

The sharpener comes with two **325-grit diamond** stones that simultaneously sharpen both sides of the blade, ensuring a consistent and precise edge. Built-in finishing bars allow you to polish the edge after sharpening. Additional **270, 600, 1000-grit** stones, or **ceramic** stones for serrated blades, can be added.

Robust design and African wood base

With its **metal construction** and durable powder coat finish, the Elite A4 is built to last. Its unique feature is its **deluxe exotic wood base**, which improves stability and adds a refined aesthetic touch. Ideal for both home and professional use.

A simple and effective solution

Easy to use, fast and precise, the **Warthog Elite A4** makes sharpening accessible to everyone. Whether for a **cook** , a **fisherman** or a **hunter** , this tool helps extend the life of knives and ensures a consistently optimal edge.

Angle Adjustment: The angle can be adjusted depending on the blade type and application.
