LYM281	47-piece tool set #7031262	Vente libre	99.00 € incl. tax

Flathead, Torx, Phillips and Hex screwdrivers for weapons and optics.

Lyman Heritage 47-piece **professional screwdriver and bit** set for **firearm and equipment maintenance** . Ideal combination of fixed screwdrivers and interchangeable bits, with ergonomic handles and a wall mount.

- **Contents:** 26 fixed screwdrivers + 21 bits
- **Types:** flat, Torx, Phillips, hexagonal
- **Material:** Hardened chrome vanadium
- **Handles:** textured, non-slip
- **Support:** rigid base for placing or hanging

The **Heritage 47-piece set** is the essential tool for shooting enthusiasts and maintenance professionals. Thanks to its **textured handles** and varied bits, it allows for quick and damage-free work on even the most sensitive components.

Hollow bits for slotted screws

The flathead screwdrivers are equipped with **hollow ground tips** , for perfect contact with the classic screws of stocks, trigger guards or plates, **without slipping** or scratching.

Multi-format: fixed or interchangeable

The box includes:

- **Fixed screwdrivers:** 9 flat, 9 Torx, 8 Phillips
- **Bits:** 7 Torx, 6 Hex, 4 Flat, 3 Phillips

A dedicated bit holder allows for **quick changes** depending on the screw or access area.

Comfort and controlled torque

Each screwdriver features an **ergonomic, non-slip handle** that ensures a secure grip, even with sweaty or gloved hands. The tool remains precise and comfortable to use, even after several hours.

Rigid support for placement or hanging

The numbered base allows for quick storage and **immediate visualization** of each size. It easily attaches to a wall or workshop pegboard.

FAQ

- **Are flathead screwdrivers suitable for old screws?**
