Wireless inspection of barrels from .22 caliber, in HD photo and video.

The **Lyman Borecam 2.0** is a wireless inspection camera for guns from .22 caliber. Connected via WiFi to a smartphone, it allows you to analyze the condition of the gun live, in photo or video.

- **Connection:** Dedicated WiFi, wireless
- **Compatibility:** iOS / Android
- **Stem length:** 66 cm (26")
- **Display:** HD photos and videos
- **Mirrors:** 5 interchangeable 90° mirrors
- **Charging:** USB (PC or standard charger)

Immediate, high-definition visual control

The **Lyman Borecam 2.0** offers a precise view inside barrels, starting with **.22 caliber** . Thanks to its integrated camera mounted on a **66 cm** rod, you can see even the smallest imperfections, scratches, deposits, or signs of erosion in detail. Perfect for detecting **wear** or verifying thorough **cleaning** .

A simple and intuitive wireless camera

Say goodbye to cumbersome cables: the Borecam 2.0 broadcasts a **dedicated WiFi signal** that connects directly to a smartphone or tablet via a **free app** . Compatible with **iOS and Android** , it lets you capture photos and videos with a single click, without any complex setup.

Designed for long and short weapons

With its **66 cm** extension rod, this camera easily penetrates **long barrels** such as those of rifles. The **five included 90° mirrors** allow you to adjust the viewing angle according to the caliber used, guaranteeing a clear lateral image regardless of the firearm being inspected.

Ready to use and rechargeable

Self-contained and compact, the Borecam recharges via **USB** , whether on a PC or a standard phone charger (not included). No screen or additional equipment to carry: everything is managed from your mobile phone.

Why use an inspection camera?

An internal visual inspection allows for anticipating problems **, detecting copper or lead deposits , and assessing the overall condition of a barrel. This is essential for sport shooters , gunsmiths , or reloaders looking to extend the life of their firearms and ensure optimal shooting consistency.**

FAQ

- **Does the camera work on pistols?** Yes, as long as the barrel is at least .22 and the 66 cm rod can be inserted.
- **Do I need a special app?** Yes, a free app is available for iOS and Android.
- **Can you record videos?** Yes, the Borecam 2.0 simplifies the storage and retrieval of HD photos and videos directly from the mobile app.
