Increase your range with this 20-round steel magazine for 2011 firearms.

This high-capacity **stainless steel** magazine optimizes the performance of your **2011** -style **9x19mm** rifle. A valuable asset for competition or extended training sessions.

- **Compatibility:** 2011 platforms
- **Caliber:** 9x19 mm
- **Capacity:** 20 cartridges
- **Length:** 140 mm
- **Material:** Stainless steel

Designed for high-performance sporting disciplines such as IPSC or TSV, this 140mm magazine is essential for shooters looking to limit magazine changes without sacrificing reliability.

Perfect compatibility with 2011 type weapons

This magazine is specifically designed for **2011** platforms in **9x19mm** caliber. Its **140mm** format is a widely accepted standard in competition, with smooth and play-free insertion.

20-shot capacity for extended battery life

With its **20-round capacity** , this magazine offers you greater freedom on the shooting range or during extended training sessions. It reduces the frequency of reloading and optimizes your efficiency at the range.

Heavy-duty stainless steel construction

Made of **stainless steel** , it is resistant to impacts, corrosion, and wear. Whether you're shooting outdoors or in an enclosed range, its robustness guarantees a long lifespan.

Designed for athletic performance

The widened polymer base provides a better grip and facilitates quick cartridge changes. Cartridge feed is smooth, ensuring **reliable feeding** even with reloaded ammunition or at high rates of fire.

FAQ

- **Is this charger compatible with all 2011 weapons?**
  Yes, provided that the platform accepts 140mm format chargers.
- **Is it allowed in IPSC competition?**
  Yes, this format is common and widely used in divisions that allow magazines of this size.
- **Can the heel be disassembled for cleaning?**
  Yes, the base is removable for maintenance of the spring and internal body.
