Upgrade your M4 with an A2 handguard

Replace your A2 handguard with a Drop In model featuring a sleek design, robust and ready to accommodate your M-LOK accessories.

- **Compatibility:** M4/AR15 "Carbine" Drop In platforms
- **Material:** Injection-molded polymer
- **Bindings:** M-LOK at 12 o'clock, 6 o'clock, 1 o'clock and 10 o'clock
- **Ergonomics:** aggressive textures and integrated hand stops
- **Installation:** Direct replacement of the A2 handguard

Designed to modernize "Carbine" platforms to the M4 standard, this handguard replaces the A2 without complex tooling.

Quick and easy drop-in mounting

Designed for M4/AR15 rifles with a carbine profile, this model installs in moments in place of the standard A2 handguard. No tube or delta nut changes are necessary. Ideal for gunsmiths and users looking for an immediate upgrade.

M-LOK interface on 4 sides

The handguard features **M-LOK** slots at the 12 o'clock, 6 o'clock, 1 o'clock, and 10 o'clock positions. This allows for easy attachment of a light, vertical grip, or other essential accessories for target shooting. A real gain in **modularity** .

Comfortable grip and ergonomics

Thanks to its aggressive textured zones and integrated hand stops, the grip is firmer, even in dynamic conditions. Whether shooting from a standing position or while supported, the feeling of

control is immediate.

Lightweight and robust polymer

Made from **injection-molded polymer** , this handguard combines **lightness** and **impact resistance** . This ensures long-lasting durability without unnecessarily adding weight to the platform.
