Designed for the REVO7 crossbow

REVO7 Bolt bolts are sized and balanced specifically to work with the **EK Archery REVO7** crossbow magazine. Their **6.5-inch** length ensures smooth, snag-free feeding, even in semi-automatic mode.

- **Compact length:** ideal for the Speed Magazine system
- **Perfect compatibility:** avoids blockages and incorrect loading

High-quality finish and reliable components

Each arrow is equipped with a **standard metal point** and a **Half Moon nock** , ensuring stability and accuracy. The matte black shaft, combined with **1.8-inch vanes** , two of which are white for better visibility, offers good balance in flight.

- **Tip:** metal, for standard training targets
- **Half Moon notch:** enhanced impact resistance
- **Fins:** 3-vane assembly, 2 white

Practical conditioning for training

REVO7 Bolt targets are sold in **boxes of 10** , an ideal format for regular training or extended sessions. Their robust construction allows for repeated use with a low risk of damage, provided the targets used are appropriate.

- **Economy pack:** 10 lines per box
- **Ideal for:** sport shooting, target shooting, supervised leisure activities
