RE7112	9" Malcolm Scope Extension	Vente libre	23	84.00 € incl. tax

Allows you to adjust the Malcolm 6X scope on a 34" barrel.

The **Malcolm 9-inch extension** is designed to adjust the **Malcolm 6X Long scope** to the length of a **34-inch barrel** , for a harmonious and true-to-original finish.

- **Length:** 9 inches (approx. 22.8 cm)
- **Compatibility:** Malcolm 6X Long scope only
- **Use:** adapting the scope to the barrel length
- Material steel

A perfect fit for long guns

This extension screws between the main body of the Malcolm 6X scope and the objective lens. It allows for visual alignment of the scope with the muzzle of the barrel, providing an aesthetically pleasing and functional finish without compromising accuracy.

- **Recommended for:** 34-inch cannon
- **Assembly:** simple screw-on, compatible with the Pedersoli Malcolm 6X set

Robust construction and meticulous finish

Made from **treated steel** , this extension ensures perfect optical continuity and excellent rigidity. Its diameter is perfectly suited to the specifications of the Malcolm scope.

- **Material:** Solid steel, bronze finish
- **Compatibility:** Other extensions: 3", 5", 7" (sold separately)

FAQ

- **Is this extension compatible with other glasses?**
  No, it is specific to the Pedersoli Malcolm 6X Long scope.
- **Why adjust the length of the glasses?**
  For better visual harmony between the barrel and the scope, especially in historical reenactment or competition.
- **Does this affect shooting accuracy?**
  No, the extension is designed not to disrupt optical alignment.
