Long-range accuracy combined with an adjustable stock for consistent and controlled shots.

High-performance bolt-action rifle for long-range shooting, the **BROWNING X-Bolt 2 Distance Vari-Tech** relies on modern ergonomics and surgical precision.

- **Caliber:** 30-06 Springfield
- **Barrel:** 58 cm threaded M14x1, Hunter profile, 1:10" twist rate
- **Stock:** Adjustable Vari-Tech composite with adjustable cheek piece
- **Trigger pull:** Adjustable DLX from 800g to 1.3kg
- **Charger:** Removable 4+1
- **Frame:** steel with a matte black finish
- **Optical mounting:** integrated Picatinny rail

Designed for long-range accuracy

Designed for long-range shooting enthusiasts, this **Distance Vari-Tech** version of the **X-Bolt 2** offers a formidable combination: **long free-floating barrel** , ultra-precise adjustable trigger, and fully adjustable composite stock.

Threaded floating barrel for accessories

The **58cm steel barrel** is threaded with an M14x1 pitch. This threading allows for the attachment of a **sound moderator** or **muzzle brake** . Thanks to its double bedding, it remains perfectly free-floating: an essential advantage for consistent groupings.

- **Thread:** M14x1
- **Profile:** Hunter
- **Finish:** bronzed

Adjustable DLX trigger for a crisp start

The **DLX trigger pull** is adjustable between 800 g and 1.3 kg. Each pull is crisp, clean, and predictable - exactly what you need to stabilize your aim at long-range targets.

Vari-Tech stock: custom ergonomics

The **Vari-Tech composite stock** is designed to offer maximum shooting comfort. The **adjustable cheek piece** and included length shims allow the stock to be adjusted to the shooter's physique.

- **Material:** black composite
- **Busc:** adjustable
- **Accessories included:** 2 x 7mm spacers, long screws for butt plate

Smooth and secure locking

The **fluted bolt** slides smoothly into the breech. The lever knob can also be customized with compatible **Maral 4X** and **A-Bolt 3+** models. For added safety, a button allows the breech to be opened without disengaging the safety, convenient for secure transport.

FAQ

- **Is it compatible with a sound moderator?**
  Yes, the M14x1 threaded barrel allows the addition of a compatible moderator or muzzle brake.
- **Can the trigger be adjusted?**
  Yes, the DLX trigger pull is adjustable between 800g and 1.3kg.
- **Is this model ambidextrous?**
  No, this version is designed for right-handed shooters only.
