LYM262	Tumbler 2500 Pro Mag Auto Flo	Vente libre	419.00 € incl. tax

Intensive and automatic cleaning of sockets up to 1000 units.

The **Lyman 2500 Pro Magnum AutoFlo** is a high-capacity tumbler designed for demanding reloaders. It combines **power** , **reliability** , and **automatic emptying** of polishing granules.

- **Capacity:** Up to 1000 .38 Special cases
- **Voltage:** 220V with French plug
- **Auto-Flo system:** automatic pellet emptying
- **Motor:** Heavy Duty Long Life
- **Weight:** 3.7 kg

Designed for regular reloaders or gun shops, this high-capacity tumbler offers **fast and even cleaning** of cases, while facilitating the removal of abrasive media thanks to its integrated Auto-Flo system.

Integrated Auto-Flo System

The major advantage of this model is its **Auto-Flo** function. At the end of the cycle, simply open the integrated valve and the pellets (corn cobs, walnut shells, etc.) will flow directly into the provided container. **No more manual sifting** : saving time, ensuring cleanliness and efficiency.

XL capacity for large volumes

With its two-gallon chamber, the **2500 Pro Magnum** can process up to **1000 .38 Special cases** or approximately **900 .223 caliber cases** . Ideal for those who reload in series or for professional workshops.

Long-life reinforced motor

The **Heavy Duty** motor is designed for intensive use. Combined with a robust drive system, it guarantees **remarkable longevity** even under prolonged use.

Agitators and anti-rotation blocks

The streamlined base houses integrated agitators and anti-rotation blocks that optimize mixing. The result: **faster and more consistent cleaning** , even under full load.

Simple to use, professional performance

When used with a suitable abrasive medium, this tumbler effectively removes fouling, powder residue, and **light oxidation** from brass cases. It effortlessly restores shine and cleanliness to your brass.

FAQ

- **Does this tumbler work with a French plug?**
  Yes, it is 220V with a plug conforming to French CE standards.
- **Can rifle cartridge cases be cleaned?**
  Yes, it accepts **long gun** calibers like .222 or .223 up to about 900 units per cycle.
- **What abrasive medium is recommended?**
  Treated corn cobs or nutshells are ideal for optimal cleaning.
