LYM261	Dry collar lubricant #7991415	Vente libre	16.00 € incl. tax

Dry lubrication for smooth resizing without fouling the cases.

Dry lubricant refill for the **Lyman Case Neck Dipper** . Facilitates neck expansion during resizing and reduces tool wear.

- **Contents:** 28g of dry powder lubricant
- **Use:** soaking the neck of the grape after brushing
- **Function:** Reduces friction on the expander button
- **Effect:** prolongs the life of cases and tools
- **Compatibility:** calibers from .17 to .45

Lyman **Dry Lube** is a dry powder lubricant designed to be applied to the neck of cases after cleaning. It reduces **friction exerted by the expander button** as it passes through the neck, thus minimizing the risk of deformation or binding.

Protects the case and the resizing die

By reducing the effort required to expand the case neck, this dry powder **decreases wear** on both the tool and the case. The absence of oily residue prevents any contamination of the powder inside the case.

Simple and targeted use

After brushing the neck with a suitable brush, simply **dip the mouthpiece** into the jar of Dry Lube for even application. This **1 oz** refill is compatible with the original **Lyman Case Neck Dipper** .

FAQ

- **What is the purpose of this dry lubricant?**
  It **reduces friction** on the expander button during internal neck recalibration.
- **Can it be used alone?**
  Yes, this refill is used with a **Case Neck Dipper** , but can also be applied manually with a brush.
- **Is it compatible with all calibers?**
  Yes, it fits cases from **.17 to .45** .
