## Robust block to hold up to 50 .615 caliber cartridges.

This rigid polymer **Lyman reloading block** securely holds 50 .615 caliber cartridges during reloading. Stackable and clearly marked.

- **Capacity:** 50 cartridges
- **Cell diameter:** .615
- **Material:** rigid polymer
- **Compatibility:** families of calibers similar to .615
- **Storage:** interlocking blocks for convenient storage

### Reloading block designed for .615 cartridges

Designed for reloaders who want to organize their workstation with precision, this loading block ensures a **stable grip** on cases during reloading. Thanks to its precise **.615-inch** calibration, it is perfectly suited to a **family of cartridges** of similar dimensions, guaranteeing a firm, play-free hold.

### Durable material and stackable format

Made from **durable polymer** , this rack is designed to withstand repeated handling, cleaning products, and shooting environments. Its compact size allows it to **hold up to 50 cartridges** . Another advantage: the blocks are **stackable** , a practical feature for transporters or reloaders on the go.

### Quick and clear identification

Each block is marked with the **exact diameter of the recesses** to avoid any confusion. A real time-saver for those experienced in **multi-caliber reloading** .

### FAQ

- **Is this block compatible with other calibers?** Yes, it is designed to accommodate a whole **family of calibers close to .615** , thanks to its calibrated bore.
- **Can several blocks be stacked without them slipping?** Yes, they are **interlocking** for stable and secure storage.
- **Is the plastic resistant to solvents?** The **polymer used** is durable and designed to resist common cleaning products.
