Increase your ammunition capacity with this 8-round magazine for the Beeman CO2 .50 caliber pistol. AD871

8-shot rotary magazine for the **Beeman BP50 CO2 pistol** , compatible with .50 caliber rubber balls. Ideal for extending your shooting sessions without reloading.

- **Capacity:** 8 shots
- **Compatibility: Beeman BP50** .50 caliber
- **Ammunition type: rubber balls**
- **Material:** durable polymer
- **Installation:** quick and intuitive

Designed for **recreational shooting** enthusiasts or **non-lethal defensive training** , this 8-round magazine allows you to fully enjoy the potential of the **Beeman BP50** .

Extended capacity

Upgrading to an **8-round magazine** offers increased autonomy: you gain two additional shots per charge, a 33% improvement over standard 6-round magazines. Ideal for extended shooting sessions without having to interrupt your shooting.

.50 caliber compatibility

Perfectly suited for .50 caliber **rubber BBs** , this magazine is designed to reliably feed your replica. It inserts directly into the rotating system of the **Beeman BP50 CO2 pistol** without tools.

Robustness and ergonomics

Made from lightweight yet robust **engineering polymer** , it withstands repeated handling and training conditions. Its compact design ensures quick handling for easy replacement during workouts.

FAQ

Is this magazine compatible with all .50 caliber ammunition?

It is designed for non-lethal .50 caliber rubber balls, compatible with the Beeman BP50.

How do I install this charger on the Beeman BP50?

The magazine is inserted into the stock in front of the CO2 cartridge slot.
