Reload your ammunition anywhere with this compact all-in-one kit.

The **Lee Classic Loader** is a complete **manual reloading kit** , ideal for shooters who want to reload without a press. It comes in a plastic case with all the tools necessary for reloading a specific caliber.

- **Function:** Pressless portable reloading
- **Contents:** Resizing die, decapper, priming rod, bullet seater
- **Accessories:** powder dispenser, storage box
- **Use:** simple, robust and portable

A complete kit for press-free reloading

The **Lee Classic Loader** is designed for those who want to reload their ammunition simply, quickly, and without a reloading press. This portable kit contains all the essentials for working with a specific caliber, with quite satisfactory accuracy.

- **Manual primer remover:** for safely extracting spent primers
- **Case resizing tool:** to restore the original shape of the case neck
- **Bullet driver:** ensures consistent projectile insertion
- **Priming rod:** precise placement of the new primer

A compact and portable format

Everything is neatly packed in a **sturdy, compact plastic box** . Ideal for traveling shooters, beginners, or those who want to do small batch reloading at home or in the field.

Ease of use

This kit requires no electricity or press: a simple mallet (not included) is all you need. This allows for **economical manual reloading** , with precise control over each step.

FAQ

Does this kit work without a reloading press?

Yes, the Lee Classic Loader is designed to be used alone, without a press, with a simple mallet.

Is it suitable for all calibers?

No, each kit is specific to a caliber. You must choose the version that corresponds to your ammunition.

Is this kit suitable for beginners?

Yes, it is particularly recommended for shooters starting out in reloading, thanks to its simplicity.
